

POWERFUL SUCTION FOR HEAVY-DUTY CLEANING

Powerful suction with durable performance, built for demanding tasks.

Product Size & Specifications

Powerful Suction, Reliable Performance for Demanding Industrial Cleaning.

Tank Capacity	60L	Tank Dia	440mm
Voltage	220V	Height	1000mm
Power	2000W	Accessories Size	40mm
Type	Wet & Dry	Wire Length	10m
Airflow	106L/S	Weight	24.5kg
Vacuum Suction	250Mbar	Size	620x550x1050mm

Advanced Filtration for Maximum Efficiency

Captures Dust and Debris for a Cleaner Environment, Ensuring Optimal Performance and Prolonged Machine Life. Designed for Efficiency and Easy Maintenance.

Efficient Upholstery Nozzle

Engineered to remove dirt and debris from fabric surfaces effortlessly, providing a deep and thorough clean. Perfect for sofas, car seats, and more.

Stainless Steel Collection Tank

Durable and corrosion-resistant design for efficient waste collection and easy maintenance. Ideal for handling both wet and dry debris with high capacity.

Durable Stainless Steel Base

Sturdy construction for enhanced stability and easy mobility, ensuring seamless cleaning performance on various surfaces.
